

3rd. DIES LA Alumni Networking Meeting

Santo Domingo, 27 - 28 March 2020

CALL FOR ABSTRACTS

Scope of the Meeting

The enrollment rates at higher education institutions in Latin America have been steadily increasing in recent years. Nevertheless, LA countries are still facing a lot of challenges – from political and economic instability to mass migration – which directly impact regions' higher education institutions.

The meeting aims at providing best practices in different areas of the LA higher education system. It will provide a snapshot that illustrates how challenges in higher education may be faced from different perspectives. The aim of the meeting is to share the knowledge among all participants in different areas of interest and provide a framework for open discussions on the different topics.
